MATT VELVET

Wyjątkowa, gruba tkanina typu welwet. Dość długie, pluszowe włosie świetnie wpisuje się w panujące trendy. Charakterystyczny dla tej tkaniny jest brak połysku, przez co nie cieniuje się. Szeroka gama kolorystyczna przedstawiona w macie wyróżnia tę kolekcję. Dodatkowo posiada specjalną warstwę hydrofobową, która zabezpiecza mebel przez szybkim przesiąkaniem rozlanych płynów. Dzięki temu, że rozlana ciecz skrapla się na powierzchni tkaniny, mamy czas na to, aby za pomocą ściereczki lub ręcznika papierowego ją wytrzeć.
